

The Village of Hoffman Estates owns the struggling Sears Centre Arena, which is a financial drain on the Village's operating budget.

If the State Senate approves Amendment 3 of SB540 this month, Hoffman Estates could start using D300 school property taxes to buy and operate the Sears Centre Arena.

STOP AMENDMENT 3!

Why should *our* schools have to pay for an entertainment complex and run it for the next **15 YEARS**??

The Village already made more than \$60 million from the Sears EDA over the past 20 years. The Village already paid for their fire department using school taxes.

And there apparently has never been an audit of the hundreds of millions of school tax dollars that the Village manages through the EDA!

ENOUGH IS ENOUGH!
